LAS	84.91	84.91	84.91	84.91

The verification was done on the first 20 sentences, but no incorrectly parsed sentence was found. Hence, I looked at the last sentence of the data and found an incorrectly parsed sentence. The last sentence in tree:

"**However, you might attract other types of owls or birds of prey with your nesting box** ." the word "nesting" has been categorized as a **Noun** whereas it is a **verb.**
